JAMES CATLEDGE HONORS NET WORTH SOLUTIONS ASSOCIATES FOR CONTRIBUTIONS TO THE TROPICAL STORM NOEL RELIEF FUND

Provo, Utah, December 8, 2007 – James Catledge, president and CEO of Net Worth Solutions and Board Member John Thomson will host a special meeting for associates who donated more than \$500 to tropical Noel relief efforts in Provo, Utah on Saturday, December 8. The meeting will include a special training session from Catledge about how associates can develop leadership skills that will be useful in promoting Net Worth Solutions value.

At the meeting, Catledge will speak to the audience about how developing leadership skills is essential for Net Worth Solutions associates in order to help families across the country move forward financially and change their lives.

“It was an honor to have James Catledge speak with our Net Worth Solutions associates,” said John Thomson, Net Worth Solutions Board Member. “I have never heard anyone explain leadership and its core principles better than Mr. Catledge. Everyone is very grateful he will take the time out of his schedule to be here with us. I know that everyone will benefit that hear his message.”

Net Worth Solutions works directly with Sun Village Resort & Spa and Maxim Bungalows in the Dominican Republic and has 15 associates that work in the area. Though neither the resort, nor any associates were affected by tropical storm Noel, Catledge immediately donated \$10,000 to the Impact Foundation and urged fellow Net Worth Solutions associates to give to relief efforts as well.

“I am so impressed by the generosity of our Net Worth Solutions Associates. I am humbled to be the president of this company and have the opportunity to work with such fine people,” said Catledge. “We started the Impact Foundation to help worthy causes wherever we can find them. The Dominican Republic is a very important country to all of us and we are honored to have the opportunity to help in the relief efforts there.”
