**JAMES CATLEDGE PRESIDENT AND CEO NET WORTH SOLUTIONS PRESENTS A  
MESSAGE OF LEADERSHIP AND ENCOURAGEMENT TO GRADUATE BUSINESS  
STUDENTS AT UTAH VALLEY STATE COLLEGE**

**Orem, Utah, March 27, 2008** – James Catledge, president and CEO of Net Worth Solutions was an honored speaker at the Utah Valley State College in Orem Utah Thursday March 27, hosted by Dean Jeanne of Utah Valley Woodbury School of Business and associate Dr. Lynn Adams, Professor of Business.

James Catledge offered an inspiring message of leadership and encouragement to the business students at UVSC. James Catledge spoke to the hearts of these students as he relayed his own personal experiences as a college student. He told stories of struggle and hardship that these young optimistic students could relate to. He told how he overcame every obstacle with a dream and a focus of someday becoming very successful while making a difference in the lives of others too.

Michael Littledike, a Net Worth Solutions Branch Manager and Qualified Marketing Advisor who is also a business student at UVSC, had the honor of introducing James Catledge to his peers. Michael is quoted as saying, "I have always been taught that education is very important, although you also need real world experience and a network to help you find that experience, James has given me both." "James is a monumental example of someone finding success while helping others; he is someone you as fellow students can align yourselves with and succeed."

It is apparent that James Catledge has a love and dedication to the Net Worth Solutions mission of helping families understand how money works and teaching vital principles of living a debt free lifestyle, as well as a desire to give back to his community. The students at UVSC related to James Catledge and were eager to hear his message. A former student at UVSC, Senior board member and co-founder John Thomson, was also present in the audience.

**About Net Worth Solutions**

In 2003, James Catledge launched Net Worth Solutions, a unique grass-roots enterprise dedicated to the mission of building net worth for families. Through countless speaking engagements and events, James Catledge has spread his message and shared his unique financial model with thousands of families across the United State, Canada and Central and

South America sharing his experience and expertise on how money really works. For more information, please visit [www.networthsolutions.info](http://www.networthsolutions.info) .
